RMIX Ready Mix Concrete started its operations for a few customer sites by setting up a state-of-the-art **RMC plant equipped with advanced batching systems**, automated control mechanisms, quality checklist and processes with exceptional delivery framework.

#### 2019

##### **Establishing Brand and Expanding Market Reach**

Over the year 2019, we took market feedback and acted on each action item / feedback from our customers which would improve overall customer experience by understanding customer problems in the existing RMC industry.

Team RMX worked on building its brand and reputation in the industry, focusing on quality control and delivering consistent concrete mixes to attract repeat business to its existing customers. Completing customer's project on time without a single quality incident was the only goal at the beginning.

#### 2021

However, we tried to help our customers to minimize the schedule loss by co-ordinating well as soon as COVID restrictions were lifted for business.

#### 2022
